## THE TURN PARK HAPPENING

celebrating the Grand Opening of Turn Park Art Space.

---

11:00 a.m. Grand opening of the Turn Park Art Space ceremony

Noon— 4:00 p.m. *The Turn Park Happening* performance

---

**Floating Tower**, in collaboration with revolutionary director and stage designer **Doug Fitch** (New York Philharmonic's *Le Grande Macabre*), presents *The Turn Park Happening*.

An immersive music and theatre production experienced over 4 hours, *The Happening* celebrates the much awaited opening of **Turn Park Art Space**, in the Berkshires, by leading audience members on a winding quest through its grounds, installations and performance spaces.

Musicians, clowns, troubadours and children will transform **Turn Park** into a glittering otherworld. As the audience travels through different routes, they too have a role to play as a witness, as a participant, perhaps even as a character. With music by **Mátti Kovler**, and costumes by **Doug Fitch** and **Tommy Nguyen**, *The Turn Park Happening* promises to be a memorable event.

Participants include **Floating Tower** company members & invited guests: the German-Romanian singing sensation **Sanda Weigl**, mezzo-soprano **Sophie Delphis** (featured on Grammy-nominated Naxos album of Milhaud's *Oresteia*), trumpet player **Joe Moffett** (Twins of Eldorado, Earth Tonques), **Casey Keenan** (Lincoln Center Artist of the Year) and others.

**Turn Park Art Space** is a new and exciting cultural and recreational space located in West Stockbridge, MA. Spread over 16 acres of a former quarry, the diverse and stunning landscape incorporates hills, meadows and a dramatic 65 ft. vertical-drop, with breathtaking views of the surrounding countryside. The park, designed by **Alexander Konstantinov** and **Grigori Fateyev**, features a natural park, outdoor sculpture collection, gallery, outdoor amphitheater and a gift shop.

Founded by **Igor Gomberg** and **Katya Brezgunova** as a place of exploration for adults and children, **Turn Park Art Space** will feature ongoing exhibitions, a live performance program and site-specific children's areas. As **Turn Park Art Space's** opening event, *The Turn Park Happening* incorporates all of these elements and more, highlighting the beauty of the physical space and the interaction of various art forms.
